The Fuelless Engine Model 1 Plans. This was the first free energy motor / generator we built back around 1997. It is a great start for anyone wanting to follow in our footsteps. Very powerful and works very well. Also see our model 2, totally different in design, easier to make and more powerful and compact than our model 1. But, our model 1 has also been known to create some very bizarre behavior, in that you can make ball lighting, blackout TV sets, computer screens and much more!
