Have you ever wondered what a guide dog does? How do they know to lead a blind owner? Can they understand traffic lights? Most importantly, how does the owner know where to pick up the poop? This memoir answers these questions—and more. It tells what guide dogs are supposed to do. They're smart, loyal and well-trained—but not all dogs are created alike. Musket is proof of that. He's definitely got a thing for treats and belly rubs. For the first time, the dog has his say. (Of course he needed a little help with the typing, since he doesn't have opposable thumbs. That's where author Mark Carlson came in. Still, Musket is the brains of the outfit.) Mark and Musket tell

Confessions of a Guide Dog was written so a wonderful, devoted dog could reach out to those who haven't been lucky enough to meet him. He'll make you smile, laugh, cry, and want to give him treats. This is their story. (And they're sticking to it.)

As her dog is a guide for her, Krieger is a guide for the reader to the world of "traveling blind." Readers will be fascinated by the insight into service animals, and guide dogs in particular, learning how these specially trained animals actually do their job. You begin to understand the taken for grantedness of the human-animal interaction; in the process, you have been privy to the intricate dance that goes into working with a guide dog. A particularly strong academic contribution of the book is the interior view of the experience of disability. This is a book that will involve and transform the reader, who comes to identify with Krieger's experience and to rethink what it means "to see," just as the author must do in her travels.

Come, Let Me Guide You explores the intimate communication between author Susan Krieger and her guide dog Teela over the ten-year span of their working life together. This is a book about being led by a dog to new places in the world and new places in the self, a book about facing life's challenges outwardly and within, and about reading those clues-those deeply felt signals-that can help guide the way. It is also, more broadly, about the importance of intimate connection in human-animal relationships, academic work, and personal life. In her previous book, *Traveling Blind: Adventures in Vision with*

a Guide Dog by My Side, Krieger focused on her first two years with Teela, her lively Golden Retriever-Yellow Labrador. Come, Let Me Guide You continues the narrative, beginning at the moment the author must confront Teela's retirement and then reflecting on the entire span of their relationship. These emotionally moving stories offer the reader personal entrée into a life of increasing pleasure and insight as Krieger describes how her relationship with her guide dog has had far-reaching effects, not only on her abilities to navigate the world while blind, but also on her writing and teaching, her ability to face loss, and her sense of self. Come, Let Me Guide You is an invaluable contribution to the literature on human-animal communication and on the guide-dog-human experience, as well as to disability and feminist ethnographic studies. It shows how a relationship with a guide dog is unique among bonds, for it rests upon highly regulated connections yet touches deep emotional chords. For Krieger, those chords have resulted in these memorable stories, often humorous and playful, always instructive, and generative of broader insight.
