When compared to her nearly perfect little sister, Phoebe Paz Petersen feels she doesn't measure up in her parents' eyes. Okalee is smart and beloved for her sunny disposition, which makes it hard for Phoebe to stand out in their small town in Montana. But if she can get picked for the coveted solo in the school choir, she'll stop being a middle-school nobody and finally get her chance to shine. Despite her sister's annoying perfection, Phoebe actually loves spending time with Okalee. They have one very special, secret tradition: River Day--when they hold hands and make their way across the cold, rushing Grayling River, to celebrate the first hint of spring. This year's River Day crossing, however, goes horribly wrong, and Phoebe's world is suddenly turned upside down. Heartbroken and facing life without Okalee, Phoebe is more determined than ever to sing the solo in the school concert as a way of speaking to her sister one last time. But Phoebe's so traumatized by what happened, she's lost her beautiful singing voice. Kat Waters wants the choir solo for herself and is spreading a terrible rumor about what really happened to Okalee on River Day. If Phoebe tells the truth, she believes her family will never forgive her and she may never get to sing her goodbye to Okalee. Even worse, somebody is leaving Phoebe anonymous notes telling her they saw what really happened at the river. Missing Okalee is an empathy-building novel about the unbreakable bond between sisters and finding the courage to do what's right amid heartbreak and tragedy.

BUILD A PROFITABLE KINDLE PUBLISHING BUSINESS! Do you want to start a Kindle Publishing Business? Do You Want a Step-By-Step Blueprint Of The Entire Process? If so, "KINDLE PUBLISHING: How To Build A Successful Self-Publishing Business With Amazon Kindle and Createspace. A Detailed, Step-By-Step Guide To The Entire Process" by Delfim Alvaro is the exact guide you need! Delfim Alvaro is a successful Kindle Publisher who has been running his Publishing business for over 2 years. In that time, he has tried and tested many strategies, followed various courses and narrowed the process down to 9 essential lessons. Much like the 80/20 or Pareto's Principal. Focusing on truly understanding and employing only 9 steps allowed Delfim to be more efficient and grow a passive income quicker, ignoring all the other time-consuming or minimal-result-producing tasks. The refocus was so effective that it doubled Delfim's income to $3000 a month in just 3 months, and with only a total number of 13 books. And now he wants to share the same 9 lessons with you! Kindle Publishing is one of the simplest businesses to start, with low barrier to entry, low start-up cost and massive earning potential. And a business that just about anyone can start regardless of their previous business or internet marketing experience. Delfim's 9 essential Lessons will be putting you on the path to success with Kindle and on your way to a full-time income online. What Makes This Book The Best Book On The Subject? This book is a true step-by-step break-down of the entire process and should cost way more because of the value Delfim shares. You will be getting a proven blueprint to start your own online business from someone who has been there and done it, with the potential to quit your job, work from home or from anywhere in the world for such a small investment. Delfim covers everything from opening your publishing accounts, finding and analysing profitable niches, getting your book cover designed and book published, as well as how to market your books, manage and outsource your business. The book is also filled with screenshots and free video tutorials to make things even simpler for you. Giving you full confidence that you can also replicate the process. You Will Learn The Following: Exactly how Kindle Publishing works How to properly carry-out Niche and Keyword Research. Find topics that are in demand and profitable How to create a Title that sells How to order a eBook cover that stands-out How to write or better, outsource great book content Book descriptions that sell How to open your Kindle account How to Publish your first eBook on Kindle, step-by-step How to turn your eBook into a Paperback version How to Publish your first Paperback, step-by-step How to Promote and Market your book How to get Reviews for your book How to Scale, Manage and Outsource your Kindle Publishing business And much more! So, take this opportunity and order your copy of this guide by clicking the 'Buy Now' button. For a fraction of the value you will be getting in this book, you will be learning lessons that will pay you back tenfold. Take advantage of it while you can. By ordering your copy, you will also be given access to my private publishing community where you can share ideas, ask questions and grow your business with other publishers. Order Now and see you inside!

Did you ever consider self-publishing your own book but were daunted by the complex process of actually doing it? Self-published author and expert Carla King gives a simple step-by-step guide to self-publishing your book as an e-book or print book. Plot your success by choosing the reputable tools and services recommended here, along with techniques that will help your book succeed in the market that you choose.

Lily the limpet lives happily in a rock pool. When Billy and Gran go to the beach they accidentally take the stone she lives on. Join Lily as she tries to find her way home. A beautiful tale of life by the sea.

How do today's most successful tech companies—Amazon, Google, Facebook, Netflix, Tesla—design, develop, and deploy the products that have earned the love of literally billions of people around the world? Perhaps surprisingly, they do it very differently than the vast majority of tech companies. In INSPIRED, technology product management thought leader Marty Cagan provides readers with a master class in how to structure and staff a vibrant and successful product organization, and how to discover and deliver technology products that your customers will love—and that will work for your business. With sections on assembling the right people and skillsets, discovering the right product, embracing an effective yet lightweight process, and creating a strong product culture, readers can take the information they learn and immediately leverage it within their own organizations—dramatically improving their own product efforts. Whether you're an early stage startup working to get to product/market fit, or a growth-stage company working to scale your product organization, or a large, long-established company trying to regain your ability to consistently deliver new value for your customers, INSPIRED will take you and your product organization to a new level of customer engagement, consistent innovation, and business success. Filled with the author's own personal stories—and profiles of some of today's most-successful product managers and technology-powered product companies, including Adobe, Apple, BBC, Google, Microsoft, and Netflix—INSPIRED will show you how to turn up the dial of your own product efforts, creating technology products your customers love. The first edition of INSPIRED, published ten years ago, established itself as the primary reference for technology product managers, and can be found on the shelves of nearly every successful technology product company worldwide. This thoroughly updated second edition shares the same objective of being the most valuable resource for technology product managers, yet it is completely new—sharing the latest practices and techniques of today's most-successful tech product companies, and the men and women behind every great product.

Almost everything you've read about formatting pictures for Kindle is wrong. The advice offered by Kindle experts and even Amazon itself can give images that are tiny, blocky, noisy, or wildly inconsistent on different Kindles. Aaron Shepard, author of acclaimed books on Kindle and POD publishing, brings his years of experience in book design, webmastering, and photography to bear on a single question: How do you make pictures look great on the Kindle? He answers that question, while also providing beginners a basic course in picture editing. Along the way, he discusses how to keep Microsoft Word from sneakily degrading your pictures; how to adjust HTML code to show images at their best; how to make part of a picture transparent for Night and Sepia modes; how to boost the power of your cover image as a marketing tool; and how to create anything from children's books to photography books to poetry books within minutes with the Kindle Comic Creator. Best of all, you don't have to take his word for any of it. The proof is right in the book, with samples of many kinds of pictures you might use -- photos, paintings, drawings, diagrams, tables, screenshots, cover images, and more. Nowhere else will you find such in-depth info on working with Kindle graphics. Whatever you use to create Kindle books -- Word, InDesign, a dedicated ebook app, or straight HTML -- you'll find Pictures on Kindle a perfect companion to other formatting guides. // Aaron Shepard is a foremost proponent of the new business of profitable self publishing, which he has practiced and helped develop since 1998. He is the author of Aiming at Amazon, POD for Profit, Perfect Pages, and From Word to Kindle, Amazon's #1 bestselling paid book on Kindle formatting. // REVIEWS Far and away the best resource I know for self publishers who plan to include photos or other graphics in their Kindle books. From tips on taking photos, through sizing, optimizing, and placing, this book wastes no space in giving you exactly the information you need. Highly recommended. -- Joel Friedlander, TheBookDesigner.com A detailed, comprehensive guide to getting the best out of your images on Kindle. From taking photos, to scanning, to optimizing, Aaron covers every possible step in making sure your images display well in Kindle format. In addition, he provides very useful explanations of the Kindle's image handling, for those of us who like to understand the reasons behind the steps. I for one will be adding this to my list of reference materials. -- Jim Brown, JimandZetta.com (ebook services) // CONTENTS Beginnings 1 PICTURE BASICS File Formats - Resolution - Color Mode - Color Space 2 PICTURE SOURCES Photography - Scanning 3 PICTURE EDITING Clean-up and Repair - Cropping - Contrast, Brightness, Tint - Sizing - Sharpening - Transparency - Lines and Letters 4 PICTURE HANDLING Positioning - Pictures in Word - Pictures in HTML - Fixed Format 5 PICTURE PUBLISHING Submitting and Previewing - Cover Images Production FAQ
