Nonlinear Dynamics and Chaos*

...

Steven Strogatz is an applied mathematician who works in the areas of nonlinear dynamics and complex systems, often on topics inspired by the curiosities of everyday life. He loves finding math in places where you'd least expect it—and then using it to illuminate life's mysteries, big and small.

Download Free Strogatz Nonlinear Dynamics

Solutions cover a wide range of concepts in significant detail while providing examples to illustrate his major points. The beginning of the text starts off with one dimensional nonlinear systems of first order (like the logistic equation), and Strogatz outlines the typical framework that one uses to analyze such systems.
