The story of love and politics that continues the saga of Kane and Abel." -- BACK COVER.

Do you know what "quatrefoil" and "impolitic" mean? What about "halcyon" or "narcolepsy"? This book is a handy, easy-to-read reference guide to the proper parlance for any situation. In this book you will find: Words You Absolutely Should Know (covert, exonerate, perimeter); Words You Should Know But Probably Don't (dour, incendiary, scintilla); Words Most People Don't Know (schlimazel, thaumaturgy, epergne); Words You Should Know to Sound Overeducated (ad infinitum, nugatory, garrulity); Words You Probably Shouldn't Know (priapic, damnatory, labia majora); and more. Whether writing an essay, studying for a test, or trying to impress friends, family, and fellow cocktail party guests with their prolixity, you will achieve magniloquence, ebullience, and flights of rhetorical brilliance.

After years of great sacrifice and deep personal tragedy, Florentyna Kane's has finally become the first woman president in America. But on the very day that she is sworn into office, powerful forces are already in motion to take her life. The FBI investigates thousands of false threats every year. This time, a reliable source has tipped them off about an assassination attempt. One hour later, the informant and all but one of the investigating agents are dead. The lone survivor: FBI Special Agent Mark Andrews. Now, only he knows when the killers will strike. But how can he alone unravel a ruthless conspiracy—in less than one week? The race to save the first woman president begins now...

The diary and essays of Brian Eno republished twenty-five years on with a new introduction by the artist in a beautiful hardback edition. 'A cranium tour of one of the most creative minds of our age . . . [Eno] delivers razor-sharp commentary with devilish snarkiness and brutal honesty.' Wired At the end of 1994, Brian Eno resolved to keep a diary. His plans to go to the cinema, theatre and galleries fell quickly to the wayside. What he did do - and write - however, was astonishing: ruminations on his collaborative work with David Bowie, U2, James and Jah Wobble, interspersed with correspondence and essays dating back to 1978. These 'appendices' covered topics from the generative and ambient music Eno pioneered to what he believed the role of an artist and their art to be, alongside adroit commentary on quotidian tribulations and happenings around the world. An intimate insight into one of the most influential creative artists of our time, A Year with Swollen Appendices is an essential classic.

Performing Music History offers a unique perspective on music history and performance through a series of conversations with women and men intimately associated with music performance, history, and practice: the musicians themselves. Fifty-five celebrated artists—singers, pianists, violinists, cellists, flutists, horn players, oboists, composers, conductors, and jazz greats—provide interviews that encompass most of Western music history, from the Middle Ages to contemporary classical music, avant-garde innovations, and Broadway musicals. The book covers music history through lenses that include "authentic" performance, original instrumentation, and social context. Moreover, the musicians interviewed all bring to bear upon their respective subjects three outstanding qualities: 1) their high esteem in the music world as immediately recognizable names among musicians and public alike; 2) their energy and devotion to scholarship and the recovery of endangered musical heritages; and 3) their considerable skills, media savvy, and showmanship as communicators. Introductory essays to each chapter provide brief synopses of historical eras and topics. Combining careful scholarship and lively conversation, Performing Music History explores historical contexts for a host of fascinating issues.

NATIONAL BESTSELLER • "A startling vision of what the cycles of history predict for the future."—USA Weekend William Strauss and Neil Howe will change the way you see the world—and your place in it. With blazing originality, The Fourth Turning illuminates the past, explains the present, and reimagines the future. Most remarkably, it offers an utterly persuasive prophecy about how America's past will predict its future. Strauss and Howe base this vision on a provocative theory of American history. The authors look back five hundred years and uncover a distinct pattern: Modern history moves in cycles, each one lasting about the length of a long human life, each composed of four eras—or "turnings"—that last about twenty years and that always arrive in the same order. In The Fourth Turning, the authors illustrate these cycles using a brilliant analysis of the post-World War II period. First comes a High, a period of confident expansion as a new order takes root after the old has been swept away. Next comes an Awakening, a time of spiritual exploration and rebellion against the now-established order. Then comes an Unraveling, an increasingly troubled era in which individualism triumphs over crumbling institutions. Last comes a Crisis—the Fourth Turning—when society passes through a great and perilous gate in history. Together, the four turnings comprise history's seasonal rhythm of growth, maturation, entropy, and rebirth. The Fourth Turning offers bold predictions about how all of us can prepare, individually and collectively, for America's next rendezvous with destiny.
