The Yellow Belt Memory Jogger: A Guide for the six Sigma ...
The Yellow Belt Memory Jogger covers the methodology and tools that DMAIC and Lean Six Sigma team members should know. Yellow Belts, who assist the team leader on a project, contribute skills that facilitate all team members by taking a more active role in a project. This involvement can accelerate a team's ability to complete projects, and can extend the reach of the project leader, as team members can handle more project responsibility.
