Undermine Their Potential, Dan Pallotta

Contemporary Perspectives

highlights the assumptions that cripple nonprofits and proposes a set of reforms to unleash the potential of charities. At the center of his argument is the idea that nonprofits are forced to play by a different set of rules- one that prevents them from reaching their full potential for impact.

A courageous call to free charity from its ideological and economic constraints

Where other books on the nonprofit sector suggest ways to optimize performance inside the existing paradigm, *Uncharitable* suggests that the paradigm itself is the problem and calls into question our fundamental canons about charity. Author Dan Pallotta argues that society's nonprofit ethic acts as a strict regulatory mechanism on the natural economic law. It creates an economic apartheid that denies the nonprofit sector critical tools and permissions that the for-profit sector is allowed to use without restraint. These double standards place the nonprofit sector at extreme disadvantage on every level. While the for-profit sector is permitted to use all the tools of capitalism to advance the sale of consumer goods, the nonprofit sector is prohibited from using any of them to fight hunger or disease. --From publisher description.

A courageous call to free charity from its ideological and economic constraints

A blueprint for a national leadership movement to transform the way the public thinks about giving. Virtually everything our society has been taught about charity is backwards. We deny the social sector the

Bookmark File PDF Uncharitable How Restraints On Nonprofits Undermine Their

ability to grow because of our short-sighted demand that it send every short-term dollar into direct services. Yet if the sector cannot grow, it can never match the scale of our great social problems. In the face of this dilemma, the sector has remained silent, defenseless, and disorganized. In *Charity Case*, Pallotta proposes a visionary solution: a Charity Defense Council to re-educate the public and give charities the freedom they need to solve our most pressing social issues. Proposes concrete steps for how a national Charity Defense Council will transform the public understanding of the humanitarian sector, including: building an anti-defamation league and legal defense for the sector, creating a massive national ongoing campaign to upgrade public literacy about giving, and ultimately enacting a National Civil Rights Act for Charity and Social Enterprise. From Dan Pallotta, renowned builder of social movements and inventor of the multi-day charity event industry (including the AIDS Rides and Breast Cancer 3-Days) that has cumulatively raised over \$1.1 billion for critical social causes. The hotly-anticipated follow-up to Pallotta's groundbreaking book *Uncharitable*. Grounded in Pallotta's clear vision and deep social sector experience, *Charity Case* is a fascinating wake-up call for fixing the culture that thwarts our charities' ability to change the world.

The four snakes in the Garden of Eden are cynicism, lack of commitment, major obstacles, and the desire to quit, according to motivational expert Dan Pallotta, a man who is living his dreams. He now shows readers how to receive their destiny and turn their hard work into smart work.

A hands-on resource that shows nonprofits how to adopt entrepreneurial behaviors and techniques The rising spirit of social entrepreneurship has created all kinds of new opportunities for nonprofit organizations. But at the same time, many are discovering more than their share of challenges as well. This essential book will help anyone in the field gain the necessary skills to meet these challenges. Written by the leading thinkers and practitioners in the field, *Enterprising Nonprofits* offers concise and engaging explanations of the most successful business tools being used by nonprofits today. The authors clearly describe all the concepts so you'll be able to embrace the methods of social enterprise for your organization. With this book, you'll learn how to use practical business techniques to dramatically improve the performance of your nonprofit. Praise for *Enterprising Nonprofits* "I can't imagine a better team to bring powerful insights and practical guidance to social entrepreneurs. Readers will be inspired by the examples, and then they will roll up their sleeves to apply the many useful management tools in this

engaging book."-Rosabeth Moss Kanter, Harvard Business School, Author of Evolve!:

Succeeding in the Digital Culture of Tomorrow

"In one book, *Enterprising Nonprofits* does for social entrepreneurs what countless volumes have done for entrepreneurs in the business sector. A wonderful mixture of analysis, practical advice, and inspiration."-Paul Brest, President, William and Flora Hewlett Foundation All of the royalties from this book will be used by the Ewing Marion Kauffman Foundation to support continuing work on social entrepreneurship.

A guide to making an impact in the world through smart philanthropy.

Mission driven-business as a vehicle for change. The current business-for-profit model rewards short-term thinking, narrow self-interest, and a social-and-environmental-costs-be-damned attitude. Non-profits, while more focused on the greater good, tend to be inherently resource-challenged and rely on increasingly scarce grants and donations to sustain their existence. Social enterprise is an exciting, blended model driven by the desire to create positive change through entrepreneurial activities. *The Art of Social Enterprise* is a practical guide which supplies everything you need to know about the mechanics of social entrepreneurship including: Startup - envisioning and manifesting intention Strategic planning -

Bookmark File PDF Uncharitable How Restraints On Nonprofits Undermine Their balancing social and monetary value Maintaining an even keel despite the inevitable challenges associated with being an entrepreneur. This valuable resource also provides an unparalleled legal perspective to help you take advantage of established legal organizational forms, recent statutory creations, contract hybrids, certification programs and more. Aimed at emerging as well as established social entrepreneurs, for- profit leaders who want to introduce an element of social responsibility into their companies, and non-profit organizations who want to increase their stability by generating income, The Art of Social Enterprise is the definitive guide to doing well while doing good.

Grabbing the low-hanging fruit is no longer acceptable. ZICO Coconut Water founder Mark Rampolla argues that when you choose to reach higher, you can build an incredible business, be profitable, and maybe even change the world. In 2004, Mark Rampolla was successful by most standards. There was just one problem: He wasn't inspired in his job and believed he had something more to contribute to the world. When he asked himself, "What do I have to offer that will improve the world?" Rampolla realized that his big idea was hanging right overhead. From his time living in Central America, he and his family came to love drinking coconut water, just like the locals. But no one was really selling coconut

Bookmark File PDF Uncharitable How Restraints On Nonprofits Undermine Their Potential Civil Society Historical And Contemporary Perspectives

water in the United States. So Rampolla chased a very ambitious goal: introducing coconut water to the American beverage market dominated by a few big players. He wasn't just starting a business; he was creating a whole new industry. ZICO Coconut Water brought a healthy beverage alternative to American consumers while also helping developing-world growers and suppliers profit from this resource. It was a win-win-win-good for Rampolla, his customers, and the world. So good, in fact, that in 2013 the Coca-Cola Company purchased ZICO and is scaling the brand around the globe. Rampolla wrote *High-Hanging Fruit* for others who want to succeed because of, not in spite of, their values. This book is for people who believe that it's their duty to reach higher than just the bottom line to build businesses driven by passion, purpose, and integrity. Above all, it's a call to arms for a new generation of entrepreneurs who want to disrupt the old model and do good by doing business.

Monograph that addresses the inadequacies of the way government, nonprofits and business are organized to make progress on community problems.
